(b) Perennial horticultural crops are not yet covered under National Agricultural Insurance Scheme (NAIS) because of their multi-picking nature and non-availability of adequate past yield data. However, the Joint Group constituted by this Department to study the improvements required in the existing crop insurance schemes, have *inter alia* recommended for providing insurance coverage to perennial horticultural and vegetable crops as a separate scheme. Agriculture Insurance Company of India Ltd. (AIC) which is the implementing agency of NAIS has been asked to study the feasibility/ modalities for coverage of such crops.
